

# Membership Update

ICS Australasian Tribe to 24/10/2024

Since my last report, there have been the common changes to aeroplane ownership within and from outside the Tribe which have meant the resignation of some and the entry of several new members, but this time gains have not matched losses (including those who joined after June 30 2024).

Sadly, we lost one of our Life Members this year - Roy Sneesby, ICS #570. passed away after a period of serious illness.

Therefore we now have only 1Life Member, 2 Honorary Members and only 96 paid members. Some of these share aircraft, while others are either past owners or wistfully looking!

## Future Directions.

Since the last fee increase, the income has dropped well below costs, including those for production and distribution of new/modified badges. With badges now costing \$7:00 each (plus the costs of new blanks), and postage at least \$10, I have chosen to increase the costs of badges to \$20 each. The Executive, or this meeting, may also decide to modify our membership fees in future. Please review your Renewal Notice when it arrives in Feb/March 2025.

Clear skies and safe flying,
